Dear Miss Dhall

**Application to register as a childcare provider on the Early Years Register:  
approved**

I am pleased to tell you that we have approved your application to register as a childcare provider on the Early Years Register.

I enclose your certificate of registration which may include any conditions that apply to your registration at all times.

You must display your certificate at all times when you are caring for children.

We will retain the published history of your registration on our website for a period of three years after your registration ceases. This is so parents may continue to view this information in case:

- you decide to start providing childcare again after a short period
- you decide to start providing childminding or childcare at a different address
- you decide to provide childcare through a new company or different type of organisation (for example, you want to set up a new company to provide childcare or you used to be a childminder and now want to run a nursery)
- someone else decides to provide childcare from the same address

The details we will retain about your previous registration are:

- your name and the address where you provide childcare (including those for childminders and childcare on domestic premises who have given consent for their details to be published)
- your previous inspection reports
- details of your previous conditions of registration
- any information we have previously published about complaints or compliance action taken against you.

May I take this opportunity to wish you a successful childcare career. If you have any queries about this letter, please contact us on 0300 123 1231 quoting the reference at the top of this letter.

Yours sincerely

Emma Exton  
Deputy Director, Operations

**Enclosed with this letter:**

Your Ofsted registration certificate

A poster that you should display in your setting, advising parents on how they can contact Ofsted.
